

BAKING YOUR BENVENUTIS

PIZZA KIT!

Open shipping container and place all ingredients in the refrigerator. Unopened ingredients will remain fresh for 30 days in the refrigerator and 6 months frozen.

**Always keep crusts in an enclosed bag/ziplock bag to prevent moisture loss, and try to use opened ingredients within 1 week*

For best results, thaw crusts in refrigerator first. Then place crusts on the cardboard pizza circle provided (or a flat surface) with the textured side face down. Spread olive oil across crust for a golden crispy texture. Apply your packet of sauce (half or less for bambino pizzas) evenly to your crust, and add your desired amount of cheese. Finally, add your favorite toppings!

Preheat oven to 450 degrees, place pizza crust directly onto oven rack, and follow the baking instructions below. When the cheese melts and browns and the edges of the crust turn golden brown, your pizza is done!

**Oven and product will be hot! Use oven mitts and utensils to remove*

Let sit 1-2 minutes, cut and enjoy your special custom pizza!

Baking Instructions - *Time and temperature may vary by oven
Convection Oven: 450 degrees for 4 to 7 minutes on middle rack.
Conventional Oven: 450 degrees for 5 to 8 minutes on middle rack.
Toaster Oven: 450 degrees for 4 to 6 minutes.

**If a pan is used, add an additional 1 to 2 minutes to baking time.*

**Bambino pizza will take 1-2 min less on average*
